WORKING WITH ENMAX

We regularly support Calgarians when electrical changes or new services are needed to complete their renovation or new build construction. If a developer, construction company or homeowner requires support during construction, please direct these inquiries to getconnected@enmax.com.

ENMAX Project Standards:

- We maintain fairness by working in a first-come-first-served model and therefore **do not** allow customers to jump the queue
- Most customer-initiated projects require design, engineering and construction planning. ENMAX may take **6-8 months to complete** these projects
 - We always provide information on how to start a project with ENMAX during the **development permit stage** of a project
- We make all efforts to condense timelines as much as possible, while ensuring safety and reliability standards are met

HOW WE NOTIFY CUSTOMERS

We will reach out to affected customers through various methods, including:

- Written notices
- Emails
- Phone calls
- Updates posted on enmax.com
- Updates posted on social media (for larger impacts)
- On-site visits with our Customer Relations Field Advisors
- Information packages sent to stakeholders, community associations and interest groups

HAVE A QUESTION?

For constituent questions about ENMAX Power projects:

- powercustomerrelations@enmax.com
- 403-514-3990

For Ward office questions, email wardrequests@enmax.com and include:

- ENMAX project number (often an 8-digit number starting with PWO)
- Address
- Constituent contact info (phone/email)
- Details of the inquiry or complaint
