

## **Douglas Fir Trail Project Newsletter**

*Pre-engagement is now open! We want to hear from you.*

**From April 22 to May 15, 2026**, we are inviting Calgarians to take part in pre-engagement for the future of the Douglas Fir Trail. This first step will help us understand how people would like to participate in upcoming engagement opportunities and how we can make it easy, accessible, and meaningful for everyone.

**To get started, please visit:** <https://engage.calgary.ca/DFT>

Your input will help shape how we connect with the community as the project moves forward.

### **Why your voice matters**

We are working toward a safe, sustainable, long-term future for the Douglas Fir Trail. Community feedback will help inform how repair options are developed, reviewed, and refined within clear safety, environmental, and technical requirements.

This is an opportunity to share what matters most to you and help shape the future of one of Calgary's most unique natural trails.

### **How to participate**

There will be several ways to get involved:

- Complete the online pre-engagement activities
- Learn about future engagement phases and provide feedback online
- Attend an open house or community pop-up event
- Check back regularly for updates and new opportunities

Visit:

<https://engage.calgary.ca/DFT>

### **Stay connected:**

Visit the project page for the latest updates: [calgary.ca/douglasfirtrail](https://calgary.ca/douglasfirtrail)
