57	Millennium is the only one we have in a city of a million people, and it's getting really really old. Airdrie and Cochrane and really far, and westside is portable, tiny, and only open in summer.	Apr 29, 2012 6:59 PM
58	Because it is not enough	Apr 25, 2012 9:00 PM
59	we need to place our most important community needs first	Apr 25, 2012 1:59 PM
60	I love skateboarding, we get into trouble for skateboarding on the sidewalks and other areas my friends and I have no where else to go. Millenium is far to go and my mom does not like me going down there. It is a great form of exercise, I feel good and can burn steam. It fosters a sense of community and a place my friends and I can go to be with each other and play games of skate.	Apr 25, 2012 6:28 AM
61	Great form of excercise, a place for kids/adults to gather and do something productive and meet other kids with same interests builds community and positivity. A chance for kids to experience successes.	Apr 24, 2012 1:30 PM

65	because the skate parks in Calgary are getting old we need new ones	Apr 22, 2012 4:43 PM
66	i think people should promote out door fitness if you can't be out side doing somethig you like you are going to stay inside. Later in life its going to be those people being the people children look up to.	Apr 22, 2012 12:21 PM

79	I wouldn't use it	Apr 18, 2012 6:35 PM
80	cause shaw millenuim isnt to good and not to safe	Apr 18, 2012 3:22 PM
81	Theres needs to be a safe haven where kids can go and progress their sport. There needs to be more then one sketchy park downtown, which no right minded parent would ever leave their child alone there for an afternoon. The number of skaters is high, the demand for a safe place that caters to a variety of styles of skating is in dire need. There are no indoor parks, thus giving us nowhere to skate in the winter, unless we go outside and shovel the park ourselves, which has happened almost every snowfall last season.	Apr 18, 2012 11:58 AM
82	We don't have enough access to skateparks. The skateparks that we have in Calgary are always pretty busy, and there are none that are close (to me). Since I am not allowed to take city transit It's hard for me to get around to skateboarding places.	Apr 18, 2012 9:35 AM

87	So we won't be skating in public places and disturb other people	Apr 16, 2012 9:51 PM
88	because the onlt one in calgary is down town, and that is a far way to travle to skate at a nicley paven park, it would be nice to have even a smal skate park in a couple of nabour hoods	Apr 16, 2012 9:41 PM
89	What is wrong with the mobile skate parks? I like that more communities can take advantage of these compared to fixed location parks.	Apr 16, 2012 10:56 AM
90	because youth/kids are going to do it anyhow so there should be parks to do it supervised	Apr 16, 2012 9:29 AM
91	Gives kids something to do instead of boarding where they shouldn't or breaking the law.	Apr 16, 2012 9:21 AM

94	I know the youth in our neighbourhood use the small skate park on a regular basis and have heard that more would be appreciated	Apr 16, 2012 7:18 AM
95	it's a widespread activity, and should be accomodated.	Apr 16, 2012 6:56 AM
96	There is simply not enough. The skateboard community is rapidly growing and the demand for new parks is unfathomable.	Apr 15, 2012 5:10 PM
97	We feel deprived, we've had millenium for so long with little alternative, when you go to other cities in Alberta or B.C. many much smaller than Calgary I might add, the support for such projects seems so much more than here. I'm grateful for what we have, but with no upgrades or alternatives it becomes stale. I have so many ideas and would love to create something that all ages could appreciate simple for fun no matter what level of riding.	Apr 15, 2012 4:50 PM
98	I just moved here and do not know what the city has to offer	Apr 15, 2012 3:10 PM
99	because a lot of people love to do these things and they would all appreciate it.	Apr 15, 2012 11:59 AM
100	because we only have one good skatepark and the is in downtown. we should have more skateparks including a indoor one.	Apr 15, 2012 11:21 AM
101	If you don't built sufficient skateparks the city becomes the skatepark. We will always be skateboarding regardless of the facility provided, but the question is would you rather have youth downtown becoming a hazard to property, themselves and others. Or would you like to see their skills and fitnesses hound in a safe encouraging environment	Apr 15, 2012 10:09 AM

Q9. Please explain your answer to the question above.

102	Currently there are only 3 skateboard parks available in Calgary that I know of (Millz/millennium, westside, and mackenzie town) . The only central one is Millz in downtown. Though it is centrally located it isn't always convenient, It is also overpopulated and a little outdated. If you look at some of the skateboard parks that are newly built in B.C. they have very asthetically pleasing as well as uniquely challenging. Skateboarding as an art needs these unique obstacles to be present so that it can help us as skaters build our talent and individual style 2 example parks --> Chuck Bailey Skatepark, Surrey BC; Boro All Wheel Park, New Westminster BC. To view these parks visit skateparktours.ca under the B.C. tab	Apr 15, 2012 12:06 AM
103	it would be good for the youth instead of having to travelling far distances it is closer	Apr 14, 2012 7:44 PM
104	The sport is continuously growing and the city of Calgary is not recognizing that. It is no different than building hockey rinks or playgrounds. It is still a recreational activity and it needs to be seen as one. The current skatepark is outdated and not nearly big enough to accommodate the amount of users who are consistently there. There is no upkeep done to the park whatsoever.	Apr 14, 2012 5:21 PM
105	we need a indoor park and more outdoor because i need to travel 30 min to go to the skate park	Apr 14, 2012 1:21 PM

109	1 huge centralized skatepark is useless. Kids having to travel across the city to use an outdated park. Also, building skate parks won't help stop kids skateboarding on private property, you are only kidding yourself...	Apr 14, 2012 1:18 AM
110	1 hour commute by transit to the only permanent skate park which is very outdated	Apr 14, 2012 12:22 AM

114	There are not enoughf and it is safer to skate at a park than street peices. Skateing is good excersize	Apr 13, 2012 11:02 PM
115	i've been skateboarding for 28 years and have lived all over. i have never understood why these are even questions the city needs answers for. the writing is on the wall. all you need to do is look to vancouver and edmonton and even the small towns around calgary. if they have 'em, obviously calgary needs 'em.	Apr 13, 2012 9:51 PM
116	Calgary has no indoor skateparks. Only in winter is there skate church. It's also a	Apr 13, 2012 9:22 PM

fair distance to travel for some. I believe calgary needs to build atleast one indoor skatepark, i'd be fine with charging, I'm sure all skaters would be, it's only fair. I think Calgary needs another stationary permanent skatepark like millennium to suit the locations of others.

117	There's nowhere to skate near home!	Apr 13, 2012 9:21 PM

142	The city blew by building the worlds biggest worst skate park ever, nothing is built right, more skateparks would add to the high demand of skaters in this city	Apr 13, 2012 9:01 AM
143	Cos skateboarding is not a crime and there should be more places for people to skate legally. Plus I think skateboarding is a cheap sport and you don't have to be a rich kid to do it. Calgary is too much about money and not people.	Apr 13, 2012 8:18 AM

numerous times to find discreet areas, where we can make our own obstacles to skate on. We were, and are, spending our own money on concrete and tools and pouring cement against the walls of jersey barriers in alleys, and in abandoned derelict buildings. On every occasion these miniature self made skateparks are torn out by the city within weeks.

154	Currently are not enough facilities in the south of Calgary so kids end up skateboarding in other public or private areas such as shopping centres, school parking lots etc	Apr 12, 2012 6:29 PM
155	They need them to be more accessible for all communities	Apr 12, 2012 5:34 PM
156	They should put in some smaller ones in the periphery, nothing too major	Apr 12, 2012 4:23 PM
157	We need more skateparks because there are so many skateboarders in Calgary and only one concrete skatepark. More than anything, we need an indoor skatepark, as it would give skaters the opportunity to practise and enjoy the sport in the winter. you guys build indoor soccer domes, tennis courts, hockey rinks, and even gold shooting ranges, but not skateparks? There are far more skateboarders than soccer and gold in the city.	Apr 12, 2012 4:07 PM

172	we have one skatepark thats not very good and gets too crowded	Apr 12, 2012 3:27 PM
173	We have no indoor parks or let alone any other outdoor parks to go to. All we have is millenium and downtown calgary. Vancouver has like eighteen parks in and around the city,Edmonton has at least 8 IN the city. It is irrational not to build more skateparks because of how important extreme sports are to todays youth as well as adults. We have a million gyms and rec centers, why not build a couple skateboard parks.	Apr 12, 2012 3:26 PM
174	Calgary's behind on skateparks I think they should make one in acadia so we are able to skate. There is hundreds of skaters having to travel on the train and or bus and it's a pain.	Apr 12, 2012 3:26 PM

184	There is currently only one main skateboard in downtown Calgary therefore inconveniencing the majority of skaters to come to the core or to just skate around their neighbourhood in random areas.	Apr 11, 2012 9:13 PM
185	There aren't many sskateparks in Calgary. Also they are spread unevenly, so soome big communities are left with no skateparks	Apr 11, 2012 9:08 PM

80	lots of places plz	Apr 18, 2012 3:22 PM
81	I think that the park downtown should remain there, and that there should be a park in the NW, NE, SW, and the SE. They should be in suburban areas where they can be monitored effectively to ensure the park isnt a supermarket for drugs.	Apr 18, 2012 11:58 AM

96	Accessible, convenient areas, preferably in proximity to the C-Train line, is the city's four quadrants.	Apr 15, 2012 5:10 PM
97	There's the possibility of extending Millenium park under the new C-Train bridge and adding new more interesting obstacles that would be sheltered from the rain. Anything sheltered yet open to vision so as not to support suspicious behavior. If you could skate in the rain too because of shelter that would be a great benefit!	Apr 15, 2012 4:50 PM

96	Designated areas where young skateboarders can develop skills, make friends, improve their outlook on life by being productive and focussing on something they really love to do.	Apr 15, 2012 5:10 PM
97	More flow and better progression areas where you have the option to learn easier. Now its either too small or too big. Drops and stairs could be modified too to give more variety. Some huge quarterpipes or banks would be cool to see. ones with center holes or tunnels to go around or add more challenge.	Apr 15, 2012 4:50 PM
98	Dont skateboard	Apr 15, 2012 3:10 PM

100	i would like o see a full concrete indoor skate aprk and a full concrete outdoor park	Apr 15, 2012 11:21 AM

Q11. What would you like to see in future skate parks?

101	Calgary is definitely lacking a indoor park. I would also like to see more plaza type parks that resemble more of a city scape. Kinda like Airdries park.	Apr 15, 2012 10:09 AM
102	I would like Calgary to gain another bowl but something modeled after the curvy design of the Cochrane bowl. I know those aren't cheap, so i would be happy with a suitable plaza style park that features some mother naturly things like tree boxes/planters and other greenery into the mix. examples of this are Callingwood Skate Plaza- Edmonton AB; Taber, and Lacombe.	Apr 15, 2012 12:06 AM
103	raps and pipes	Apr 14, 2012 7:44 PM
104	The city should do something similar to the Callingwood Plaza in Edmonton or The Forks in Winnipeg. These parks are by no means an eyesore to the public, but they still offer the features users wants. A variety of street and transition oriented terrain.	Apr 14, 2012 5:21 PM
105	more street kind of stuff	Apr 14, 2012 1:21 PM
106	Street and bowls	Apr 14, 2012 12:24 PM
107	some sick stuff	Apr 14, 2012 11:05 AM
108	Skate parks should be designed with the assistance of skaters, they are the ones that know what is necessary to have in a skate park in order for it to be used by the majority of skaters. They know what is cool.	Apr 14, 2012 10:55 AM
109	pick a good company to build it. don't fool yourself and think you can design it. PICK A LEGITIMATE COMPANY	Apr 14, 2012 1:18 AM

114	An indore one with boath street and transition features	Apr 13, 2012 11:02 PM
115	no bikes. they can do their own fundraising and put in their own effort to make parks happen. they are also very dangerous at skateparks. you don't play soccer in ball diamonds. just because it looks like we are doing the same thing, doesn't mean they can be done together. or at least have bike specific parks, hours for bikes or mandatory brakes, peg protectors (doesn't wreck the cement) and no headphones. i would like to see more plaza style parks integrated into urban dwellings or downtown features. it's a shame that a plain bridge couldn't have been built with a neat skatepark along the river. man, the culture old bat drew ferrel could have conjured up with that lol! think outside the box. why do skaters skate the things they do? the city is an uban playground. don't limit the skateparks to the same old things throughout the city. there has to be a desire to hit up each one.	Apr 13, 2012 9:51 PM
116	Ranging vert, from 3 feet high to 12 feet high, ranging stairs, small 4 up to a 10 set. Hip transfers, spine transfers. Flat ledges, slight down ledges, and flat ad	Apr 13, 2012 9:22 PM

133	Less graffiti	Apr 13, 2012 1:35 PM
134	I would like to see parks better built than millennium. Skate parks should be built by skateboarders. This is why companies such as new line make such amazing skate parks	Apr 13, 2012 1:33 PM
135	Lots of smaller parks, good mix of street/plaza spots and bowls/transition	Apr 13, 2012 1:21 PM

151	Well maintained.	Apr 12, 2012 7:13 PM
152	Skaters	Apr 12, 2012 7:04 PM
153	More of a skatepark, and less of a plaza type skate park. If I wanted to go skate a rail down some stairs I'd go downtown. I'd like the parks to feel like a huge diverse bowl with lot's of cradles and extensions. Lots of interesting banks obstacles. Pool coping, rock coping, cinderblock coping, just more interesting parks.	Apr 12, 2012 6:33 PM

166	Uh	Apr 12, 2012 3:44 PM
167	i dont care	Apr 12, 2012 3:42 PM
168	I dont know. I have never skate boarded in my life, only roller skating and you can do that anywhere. If I had to say something I would have to say that the skate parks floor should be smooth.	Apr 12, 2012 3:42 PM
169	Doesn't matter	Apr 12, 2012 3:37 PM
170	whatever the young people are asking for	Apr 12, 2012 3:27 PM

172	everything	Apr 12, 2012 3:27 PM
173	Excellent design. New Line Skateparks is an amazing company for park design and building.	Apr 12, 2012 3:26 PM

175	a street course	Apr 12, 2012 3:26 PM
176	not sure	Apr 12, 2012 3:25 PM
177	Good sized rails and lots of fun this to skate	Apr 12, 2012 3:24 PM
178	First, an indoor skatepark, while more expensive, is a necessity in our climate. Considering all the government money supplied to hockey arenas, soccer domes, and other indoor sporting facilities, the city should feel obliged to supply skateboarders with at least one indoor alternative. Design-wise, the "street plaza" design is the popular format in modern skateboarding, but ample "transition" obstacles should not be neglected. Bowls, mini-ramps, and quarter-pipes should be constructed in a variety of sizes so that skaters can progress quickly and more importantly, safely.	Apr 12, 2012 3:24 PM
179	More space, a place closeby for repairs, and a place to buy water.	Apr 12, 2012 3:17 PM
180	bowls, ramps, rails, halfpipes. using concrete and skate-lite materials	Apr 12, 2012 3:08 PM
181	Ask the users	Apr 12, 2012 2:54 PM
182	Supervision, and staff who can relate to the youth.	Apr 12, 2012 2:48 PM
183	No comment.	Apr 12, 2012 2:47 PM
184	The usual skatepark features: rails, halfpipes, quarterpipes, curbs and bowls.	Apr 11, 2012 9:13 PM
185	Ramps and trails, benches, appropriate lighting	Apr 11, 2012 9:08 PM
186	Rails, stairs, ledges, fun box, a jump ramp, and a mini ramp for beginners.	Apr 11, 2012 7:46 PM

1	Have only ridden in Millennium.	May 19, 2012 10:56 AM

10	There awesome	May 16, 2012 10:46 PM
11	I like Millenium I think it is well kept and there is alot to try and ride. It is a pretty good influence on the community since its more in a downtown area which is not by much residential zones. I have a good experince at these parks they are like a second home and a good hang out spot for friends.	May 16, 2012 10:41 PM
12	Mckenzie Town sucks, Westside is too far, so Millenium is basically my only option. Millenium is awesome but it gets repetitive after years of the same stuff.	May 16, 2012 10:39 PM
13	I always learn from fellow skaters when I go to every skate park and its a great environment for chatting.	May 16, 2012 10:30 PM
14	Yes they are very positive because I get to improve my skating. They are kept very well and in good condition	May 16, 2012 10:27 PM
15	They are a bit far from home	May 16, 2012 10:05 PM
16	They are great :D	May 16, 2012 7:11 PM
17	Millenium is sick, but maybe needs more to it as we only have one.	May 16, 2012 7:07 PM
18	It keeps us out of trouble	May 16, 2012 7:05 PM
19	Millenium is good but options are very limited for bikers in Calgary	May 16, 2012 7:02 PM
20	Its a great way to make friends and these parks are great. We just need more	May 16, 2012 7:00 PM
21	I skate Millz the most and it's just okay.	May 16, 2012 6:53 PM
22	I like them all and a lot of people go to them. It is a good social environment for skateboarding.	May 16, 2012 6:49 PM

23	Use California skate parks as a reference, they have the best in the world	May 16, 2012 4:56 PM
24	Great for family and friends and kids need place to go	May 16, 2012 4:55 PM
25	More cleaning at Millennium Park, always lots of glass	May 16, 2012 4:54 PM
26	Millenium is alright but outdated for anyone who wants smooth flowing parks	May 16, 2012 4:53 PM
27	Millenium is not a positive influence on young people. Not maintained well or built well. Too many people drinking and recking stuff	May 16, 2012 4:51 PM
28	Millenium mostly; Fun times	May 16, 2012 4:40 PM
29	It's a nice park! On the first day I was SOOOOOOO excited and every day I begged my mom to take me there because its the only park in Calgary :-(-:-)	May 16, 2012 4:39 PM
30	As a regular at Shaw millenium park I can say that these skateparks are nothing but positive impacts on the lives of users, as well as future users whom can now experience a safe place for fun and activity.	May 16, 2012 4:38 PM
31	Need more concrete parks	May 16, 2012 4:37 PM
32	Never been to the other skate parks only millenium and it's not that good	May 16, 2012 4:36 PM
33	Yes they are maintained well. Yes because teaching kids to skate	May 16, 2012 4:33 PM
34	i'm happy to see the addition of art!!! I'm so glad there is a park! To see more would be a wise investment in our youth, It's great that there is music too!	May 16, 2012 4:30 PM
35	it's great for exercise, training, it's something that children can do anytime	May 16, 2012 4:29 PM
36	Shaw Mil and Westside does but a lot of people don't wear helmets and discourage skateboarding	May 16, 2012 4:27 PM
37	Millenium park is maintained well. i have not been to the other parks	May 16, 2012 4:24 PM
38	Millenium is a great skate park. But i do no like Mackenzie I owne because it is not concrete ramps they are metal	May 16, 2012 4:23 PM
39	ive never been to west side but i don't like millenium that much thats why i skate street	May 16, 2012 4:21 PM
40	all the skate parks in Calgary suck! New parks should be built by skateboarders	May 16, 2012 4:19 PM
41	they are great but at times arent the best for younger children. they are maintained well and have a somewhat great influence on everyone	May 16, 2012 4:18 PM
42	Place for kids to go; excercise; stay out of trouble; kids have fun	May 16, 2012 4:14 PM

44	I've only been to Millennium and I love it! I meet a lot of new people there and I	May 12, 2012 10:47 AM

Q12. Tell us what you think about existing skate parks like Millenium Park, Westide Rec Centre and Mckenzie Towne (ex. are they used and maintained well? Do they have a positive influence on their community? If you skate at one of these parks, let us know about your experiences there!):

	make great friends and social encounters. It makes me feel that the government cares about my population and wants the best for us.	
45	Cool	May 11, 2012 10:46 PM
46	I have heard they are lame, but still worth going to	May 11, 2012 7:18 PM
47	They suck	May 11, 2012 6:29 PM
48	Mckenzie Towne isn't up right now, so there is currently only two parks in the city. Mills is a great park for all levels but skating there can sometimes be a little intimidating for younger skaters. Westside is a great park but it is very small. A concrete section would be a lot better.	May 8, 2012 10:48 AM
49	The one in Mckenzie Towne is a mickey mouse one comparing to the other skateparks in the city, we are a city of over a million people and we only have three parks?????? My son spends alot of his time down town and at times he has to deal with the homeless people, entoxicated people so that park should also have a skatepark monitor or security personnel	May 5, 2012 11:03 AM
50	This question just shows how ignored the north is	May 3, 2012 11:38 PM
51	I've never gone	May 1, 2012 9:48 PM
52	millenium is usually dirty and way to busy. its in downtown so you get alot of homeless walking through, other then that it can be a good atmphere for older kids but not for children. the park has cracks everywhere and is just a joke. westide is good but to small. and have never had a good enough review to go to mckenzie town	May 1, 2012 8:25 PM
53	Millenium is a very fun park to skate, if they were to build more parks though i would like to see one similar to Cochrane!	May 1, 2012 5:01 PM
54	Millennium sucks, great terrain, bad environment.	May 1, 2012 10:48 AM
55	I believe Millenium is not maintained well enough and the mobile skate parks are to boring	Apr 30, 2012 5:03 PM
56	Millenium skatepark is really out of date, there is no room for beginners and alot of violence down there. west side is really small and i dislike the fact helmets are mandatory. i dont understand why they wasted all this room for a basketball court that nobody uses and we end up putting rails and features there anyways. we should allow a form to be signed where you do not have to wear helmets as long as it is okay with the childs parents.	Apr 30, 2012 12:50 AM
57	Millennium is dirty, lots of drugs and Hobo's, and is getting old like i said before. It's always extremely busy on the weekend. Westside is way too small, and not even open full time. They close at 9 pm. and lock up way too early in the fall. Airdrie and cochrane are great parks, but way too far away to go to all the time.	Apr 29, 2012 6:59 PM
58	They are good	Apr 25, 2012 9:00 PM

Q12. Tell us what you think about existing skate parks like Millenium Park, Westide Rec Centre and Mckenzie Towne (ex. are they used and maintained well? Do they have a positive influence on their community? If you skate at one of these parks, let us know about your experiences there!):

59	Yes and yes	Apr 25, 2012 1:59 PM
60	All the skateparks are well used. Millenium is very busy everyone goes there because there are not many skateparks. The skateparks are good for the community because it is a place kids can go and have fun and meet other kids that like to do the same thing. We shoot videos, play games of skate it is fun we feel good.	Apr 25, 2012 6:28 AM
61	We need more skateparks, not tennis courts	Apr 24, 2012 1:30 PM
62	n/a	Apr 24, 2012 5:44 AM
63	They are used and maintained. Yes, they have a positive influence on their community by getting youth involved in various activities.	Apr 23, 2012 6:15 PM
64	I think skatepark pike westside are good cause there no crack heads like there is at millenium	Apr 23, 2012 3:22 PM
65	they are used well and i have fun skating them even if there old but i like to see more skate parks though	Apr 22, 2012 4:43 PM
66	if you live in acadia like me you have at least a 20 minute wait to get there it takes too long and too much work for people to go outside and skateboard in a friendly environment. They are too far away!!! they are well maintained. i have fun there at all of these places it would be nice to see some more variety besides 3 places	Apr 22, 2012 12:21 PM
67	I believe they are well maintained	Apr 21, 2012 12:16 PM
68	They are maintained well, they are positive, but are somewhat far from our community.	Apr 21, 2012 11:03 AM
69	We have been to all of them, and have been around when pot has been lit up	Apr 20, 2012 6:30 PM
70	don't know	Apr 20, 2012 11:36 AM
71	Millenium park is great, Westside is as well but they don't allow bmx/bike/inline. It would be nice to see that change, and mckenzie town is generally rather poorly looked after and lacks stunts.	Apr 20, 2012 10:56 AM
72	Millennium is pretty fun, but the concrete is getting old and could definitely use some maintenance.	Apr 19, 2012 9:50 PM
73	It looks like a fun place	Apr 19, 2012 5:11 PM
74	They are pretty good considering that they are mostly busy	Apr 19, 2012 4:07 PM
75	Millenium Park is sometimes scary because me and my brother are 11 and 9 years old. Westside is farther away than Okotoks for us. I haven't heard of the one in McKenzie Town	Apr 19, 2012 2:36 PM
76	Millenium park can be intimidating being a new skater	Apr 19, 2012 10:26 AM

Q12. Tell us what you think about existing skate parks like Millenium Park, Westide Rec Centre and Mckenzie Towne (ex. are they used and maintained well? Do they have a positive influence on their community? If you skate at one of these parks, let us know about your experiences there!):

77	Too busy, crowded.Kids get into fights because they don't want new people. Feel intinidated by groups.	Apr 19, 2012 6:50 AM
78	Not sure	Apr 18, 2012 7:39 PM
79	they suck	Apr 18, 2012 6:35 PM
80	millenium park isnt to good	Apr 18, 2012 3:22 PM
81	I think that millenium park was not designed by skaters and does not satisfy the talent that the park has created. I think that it is sketchy, with bums and druggies and drunks constantly harrasing skaters, to let them try their board, or heckling that ends up in fights. West side is a nead set up and i like how its monitored, but it owuld be awesome if they could somehow put the ramps indoor for the winter so they can be used all year round. i would have to say the same thing regarding the Mckenzie town park.	Apr 18, 2012 11:58 AM
82	McKenzie Towne is scary for a good kid like myself. The only kids that tend to hang there are hoodlums so I don't feel safe there most of the time. Millenium is okay, I don't feel like anything bad could really happen to me there (as long as I go in the afternoon) because it is so busy. All in all, Millenium still doesn't attract the best crowd - there is alot of drug use down there and it isn't located in a part of town where let's say my Mom could just drop me off and feel good about it. Westside isn't the best in terms of the actual skatepark (to me the mini pipe is the best part) but it at least feel safe and is in a friendly area. I think that the other thing that makes Westside good is that there is (some degree of) supervision there, and that is important to me!	Apr 18, 2012 9:35 AM
83	I personally dont like millenium because there is too many drugies and too full and not very good in general. Westside is good but far from the NW but very small.	Apr 17, 2012 3:44 PM
84	i only really consider millenium an actual skate park. It has way to many people and lots of homoless dudes chilling there. we need more skate parks	Apr 17, 2012 10:00 AM
85	N/A	Apr 17, 2012 9:53 AM
86	I think they are decent maintained but we need more easily accessible location, aswell, teenagers who use these centers and very poorly judged!	Apr 16, 2012 10:45 PM
87	There good... But Mabey a little bit to advanced. Like for some of us skaters that are just starting to learn this stuff it tough to be able to do all of these things.	Apr 16, 2012 9:51 PM
88	i skate and bike at millenium park, i want there as soon as the snow was gone and there was a bunch of glass and garbage in the big bowl (full pipe)	Apr 16, 2012 9:41 PM
89	It seems as though they are used at certain times fo the year by youth.	Apr 16, 2012 10:56 AM
90	I think so.....it think it's good that they "can" be used for community events as well!	Apr 16, 2012 9:29 AM
91	I havent seen them. so i have no comment.	Apr 16, 2012 9:21 AM

Q12. Tell us what you think about existing skate parks like Millenium Park, Westide Rec Centre and Mckenzie Towne (ex. are they used and maintained well? Do they have a positive influence on their community? If you skate at one of these parks, let us know about your experiences there!):

92	Yes it is positive. We are a diverse community	Apr 16, 2012 8:40 AM
93	took some youth to mills once, it was pretty intimidating...	Apr 16, 2012 8:21 AM
94	Don't know	Apr 16, 2012 7:18 AM
95	along with the steel and concrete, every skateboard park needs to have strong programming, mentoring, and supervision programs. Good etiquette in/out of the parks must become part of the skateboard culture, and there must be ways that those surrounding the parks also can provide feedback relating to incidents or other issues at the parks that affect them. build positive links with community associations, seniors groups, athletic orgs (e.g. for mentoring opps), so that the park users become integrated into the mainstream, and do not deepen into drug-using, anti-social expression. Also, park users must receive anti-graffiti messaging constantly, and anti-graffiti initiatives must be linked to all skateboard park programming.	Apr 16, 2012 6:56 AM
96	Since the city's ostensible abandonment of Millennium Park as well as the C-Train expansion, it has become dilapidated and unsafe, teeming with intoxicated maniacs, volatile drug dealers, and unhappy participants. However, it is the only place to skateboard legally in the city, so us skateboarders flock in droves to this unsafe haven. As an adult skateboarder, I have no problem with this place, but what must the parents be thinking when dropping their kids off at such a place? Westside is very fun, but again, as an adult, it is a little more child oriented. There is nothing wrong with that, it's just a little confined and heavily regimented.	Apr 15, 2012 5:10 PM
97	I've had great experiences at all these parks. Thumbs up to the staff at westside for a well maintained park. The only beef I have is with garbage, and I think that stems from availability of close garbage cans. If the skaters have to travel they'll dump it instead which I highly disapprove of cause its not that hard to actually dump it. But it does remain a fact and I think it would be remedied by access to closer garbage cans, especially at Millenium Park. Eliminate the reasons for littering and hopefully it will change. Everyone appreciates a clean park!	Apr 15, 2012 4:50 PM
98	Havent been there	Apr 15, 2012 3:10 PM
99	they should keep putting new jumps and stuff around and in the parks.	Apr 15, 2012 11:59 AM
100	i think that they are okay but we should have better skateparks. my experiences there have been okay mckenzie towne park i dont go to anymore because of other kids doing drugs.	Apr 15, 2012 11:21 AM
101	Millenium is basically a second home for me and my friends, i have had so many good times there and learned so much.	Apr 15, 2012 10:09 AM
102	I have skate all 3, Millz and mack town are taken care of really well considering it isn't monitored by an association. skateboarders monitor skateboarders. the westside facility is a diamond in the rough for calgary, maintained incredibly well by skaters!! that is huge. there is nothing more aggravating than having a person who doesn't understand out there try and monitor it, that would be comparable to having a dance instructor coach hockey. 103	the braeside skate park is in an ok condition	Apr 14, 2012 7:44 PM
104	Millenium is outdated. Period. And it's not going to take another million dollars to build something else. Cochrane has an amazing skatepark and only cost \$250k. There is no upkeep done to Millennium Park whatsoever. It is the users who are actively involved in the community and have a love for it who are trying to keep things rideable. People are always going to complain about skateparks and them drawing not the best of people. Having the city put a LRT station right by the park is only going to make drug transactions easier. I am personally not a fan of that decision. Westside is an amazing facility. I work at The Source skate shop in Kensington and I am always recommending that parents with young kids go to Westside over Mills. Westside is great because it is supervised. I have never seen anything bad happen there. It's actually my park of choice in Calgary. I know there a lot of people who aren't fond of the helmet rule at Westside, but it's I privately ran park. I'm perfectly okay with the helmet rule there. However, I don't think making helmets mandatory at a public park would work at all. Protective gear should certainly be recommended, but not enforced. I mostly find myself skating Cochrane, Airdrie, Olds, and soon the new park in Sylvan Lake. This city deserves some new parks. The Peace bridge was the biggest waste of money I have ever seen. A small portion of those funds could have easily built a few parks around the city. As for the influence these parks have, I feel like there is always bad apples in a group. I work with a Christian organization up at Dalhousie Church that runs an indoor park for people to skate in the winter. We see all types of people. But people can't focus on only the bad people. There are a lot of amazing skaters here in Calgary who are great role models for the up and comers. So yeah, there's always going to be some bad apples. But the best I can recommend is for parents with young children to take their kids early in the day, or take them so a place like Westside.	Apr 14, 2012 5:21 PM
105	milleniun is filled with people who do drugs it scares me alot	Apr 14, 2012 1:21 PM
106	Mills is crap. It is a mess and has been forgotten by the city. Mac Town is a joke, it doesn't even count Westside is good but the fence and short hours are absolutely stupid. (Youe need a bigger space to answer this question). Mills is still pretty good to skate but it is old, and always crowded. All 3 are good for the kids because they give us a place to skate and hang out	Apr 14, 2012 12:24 PM
107	they all need alot of work millz need to get expanded possible cracks fixed ect	Apr 14, 2012 11:05 AM
108	I'm new to Calgary so I am not familiar with them	Apr 14, 2012 10:55 AM
109	I've seen some of the sketchiest things in my life at millenium (including stabbings), westside is fun, but the people who operate it are idiots and let their highschool girlfriends hangout at the skatepark...the mini ramp is amazing! McKenzie town is really fun, I wouldn't change a thing about it, I love it.	Apr 14, 2012 1:18 AM
110	Millenium is very outdated, many cracks, lots of construction. westside Very far commute and is not permanent, wood breaks easy. Mckenzie Towne is just very bad and not even worth traveling too and is old. They do have influences, it keeps alot of people occupied rather than getting into trouble.	Apr 14, 2012 12:22 AM

Q12. Tell us what you think about existing skate parks like Millenium Park, Westide Rec Centre and Mckenzie Towne (ex. are they used and maintained well? Do they have a positive influence on their community? If you skate at one of these parks, let us know about your experiences there!):

111	Millennium is becoming dated and as it was not built by an actual skatepark company it is not preferable to skate and as mckenzie and westside are not concrete skateparks they offer little of creative possibility skate-ability and selection	Apr 13, 2012 11:35 PM
112	I do not like skating millennium because the features are poorly built and designed and the ground is very rough. The new west side park is fun but I've never skated makenzie town.	Apr 13, 2012 11:16 PM
113	Theyre wicked but too far away	Apr 13, 2012 11:05 PM
114	I think the city of calgary is lacking on skating facilites millenium is the main park and is extreamly fun but during the long winter monthes there is nowhere to skate . During the summer mills is great but i would like to see more locations of outdoor parks and posibly on main indoor park .	Apr 13, 2012 11:02 PM
115	millenium sucks. it had it's day but choosing a sub par contractor has made it what it is today. a crappy, oversized/corwded, lumpy piece of cement. westside is an example of a skatepark that is horrible. gates, hours, mandatory pads, chains to keep you off. there are no rules in skateboarding. that is why kids go downtown. i have been to westside once and will never ever go back for that very reason. i've never been to mckenzie town because quite frankly, is' not going to be any better than the 2 we already have. that's fact. i'm older and drive so there's no reason for me to bother going there. the out of town parks and cities get my business. bikes are a pain. they dont have brakes, they are quiet and dangerous. it's comparable to bikes on the road. clearly a car is going to win in a collision. i've seen too many friends' skateboarding careers ended because of them. when skaters are painted with an ugly picture, it's hard for people to realize that we really do care, and just want a place to skate. the core is free. the streets will always be home for skaters. it's where it was born. but having a variety of choices in parks, will cut downtown use to a very few hardcore skaters. it's been proven all over the world that giving skaters a place to go only brings positivity. all barriers are broken down in skateboarding. true passion and comradery. skaters will police their own park, keep it clean and free of undesireables. i know i would, and do. i realize this survey is for kids, but i'm a big kid who still skates at 36 years old. the city laughed at me and some friends who approached the city 20 years ago. sure we were just kids, but obviously, it's been a long time coming. thanks.	Apr 13, 2012 9:51 PM
116	I've only been to Mackenzie town once, it was a fairly maintained place, I think that if you are going to build a skatepark, it should be on smooth ground, not slightly chunky, grated up parking lot ground. It could be bigger, but it's still a very nice fun sized park. I've never been to west side but I have heard its very good, and friendly. Millennium is good, some stuff is getting too old and all wrecked but for the most part, it's quite acceptable. I know it is a very large park, but there still is grass spots that could be made into more skatepark, just a suggestion. It's usually a friendly place, I haven't seen anything bad so far though. Thanks for your time!	Apr 13, 2012 9:22 PM
117	they're great for the community	Apr 13, 2012 9:21 PM

119	there alright but we need more in calgary	Apr 13, 2012 8:41 PM
120	they are all very positive but the lack of a skatepark in the north west if frustrating.	Apr 13, 2012 7:53 PM
121	Millenium is good as it is, same with West Side but I found Mackenzie Towne was a waste of time	Apr 13, 2012 7:43 PM
122	westside rec has to many rules millenium has maintenance issues, chipped out ground mostly, i've seen some kids that all they have is skateboarding in a seriously rough life	Apr 13, 2012 6:52 PM
123	Yes they are all very well maintained and typically are a friendly community.	Apr 13, 2012 6:40 PM
124	i enjoy millenium and mackenzie towne	Apr 13, 2012 6:20 PM
125	millz is a great park, a little past it's prime but still a great park i visit ALOT. i haven't been 2 mckenzie towne or westside yet but i'm planning 2 go at least once this summer	Apr 13, 2012 6:02 PM
126	There are alot of dangerous people that hang out and drink at Millenium park and it's always too busy to ride. Millenium park is also falling apart, the cement is uneven and the flow of traffic within the park is terrible. The west side rec centre doesn't alllow bikes, so where are they supposed to ride? Mackenzie town is way too far away, unless you live there	Apr 13, 2012 5:39 PM
127	millenium needs to be repaved and westside is only open until 9	Apr 13, 2012 5:19 PM
128	_____	Apr 13, 2012 5:05 PM
129	Millennium isn't in a good location community wise. It is used by any one who can get there which includes drug addicts and transients. West side is fun but will not last unless well maintained or covered when ever it rains or snows. It is in an awesome location however being near to familys and communities that will moniter and take the appropriate actions when trouble arises. I have never been to Mckenzie Town	Apr 13, 2012 4:23 PM
130	Millenium park was way too crowded and garbage made it dangerous to skate in the park, needs to be maintained.	Apr 13, 2012 2:38 PM
131	millenium is good but its falling apart and construction takes over it and westside and mckenzie town is too far	Apr 13, 2012 2:26 PM
132	I think they are postive, but have no opinion about current parks.	Apr 13, 2012 2:03 PM
133	There are ok. The one at Westside was better but the new one sucks.	Apr 13, 2012 1:35 PM
134	The skateboard parks in Calgary are well used and well maintained by skateboarders because they care about what happens to these skate parks.	Apr 13, 2012 1:33 PM

135	Millenium was poorly built and is showing age but is a big park and still fun to skate and a fairly positive envir. Espcially now that the increased police presence has cleaned up the sketchy drug crowd. Westside is really fun and a great use of the space, well built, positive place (the mini ramp is great). Mckenzie Towne is alright for a small community park but the modular elements are very limited and degrade quickly(ashphalt pads get rough really quickly to), doesn't attract skateboarders with means to go skate elsewhere so it ends up being a bit of a under-age hang-out spot without the presence of older skateboarders to balance out the crowd.	Apr 13, 2012 1:21 PM
136	Mckenzie towne is a bad quality park, millz and westside are decent	Apr 13, 2012 12:46 PM
137	Millenium is a great location and big but it isn't designed very well when you compare it to newer skate parks. When it gets busy there isn't alot of flow to it. Mills being one of the only parks in Calgary leaves little choice for skaters.	Apr 13, 2012 11:20 AM
138	Millennium seems frightening sometimes, it should be better lit, and more community events/facilitators should be present.	Apr 13, 2012 9:55 AM
139	they arent up to date at all. millenium is almost unsafe as it has bolts sticking out of the cement and major cracks in the cement everywhere. not ideal	Apr 13, 2012 9:52 AM
140	Mckenzie town is one of my Favorite skateparks. Mills is fun when it's not so packed	Apr 13, 2012 9:39 AM
141	Millenium is too run down. Has a not so great influence. And does not have a very good layout. I have been going to the park for years but have always noticed poor design in the park. Like the full pipe for example, its impossible to do and such an expensive waste of concrete. And the spiral snakerun/building is a horrible place from negative activities to take place. I wish they just used all the materials from the full pipe and snakerun/building to make the park bigger and better.	Apr 13, 2012 9:13 AM
142	They are the worst skateparks ever, millennium was built like shit, west side is helmet mandatory which is stupid, we all skate and accept the risk, and mckenzie towne park is just a joke, for lil kids it's amazing, for. 24 year old skater, it just doesnt cut it	Apr 13, 2012 9:01 AM
143	I like the mobile skate parks. But I don't like having to go downtown. A few years I took lessons at a mobile skate park but the teachers were not very helpful. I think it helps the community because we are kids not criminals.	Apr 13, 2012 8:18 AM
144	They are all positive, gives cops an easy place to keep an eye on. Millz seems to be getting old, husband says westside is nice and fun but too small, and mckenzie has a rough paving pad, and the obstacles are cheap, more of a hazard than anything.	Apr 13, 2012 6:41 AM
145	Millz is old and in need of a over haul. Mckenzie town is a joke. Westside is way too small for the number of skaters in the city.	Apr 13, 2012 6:34 AM
146	i feel they affect the teenage community well because they bring together	Apr 12, 2012 9:51 PM

individuals with common interests to engage in a physical activity together! Its a huge aspect of many teenager's lives.

148	They are well maintained and well used.	Apr 12, 2012 7:41 PM

150	nope,not good places to go	Apr 12, 2012 7:24 PM
151	I think they provide a great place for this kind of activitey to happen in a respectful safe area.	Apr 12, 2012 7:13 PM
152	It's cool	Apr 12, 2012 7:04 PM
153	I skate millennium close to everyday, and frankly it's getting boring. It's huge, yet has vary few things you can actually skate. The park attracts a bad crowd being on the neglected edge of downtown. Until recently the park seemed to have no structural maintenance to it. (Mainly cracks in the cement). But other than that the fact that theirs washrooms and water fountains is a bonus. The new westside park seems like that communities permanent version of the city of calgarys 'Mobile Skateparks'. Westside's park is vary high quality ramps, that have good shapes, but the park is vary cookie cutter. The same goes for the mobile parks, who's ramps are starting to fall apart. The mobile parks are a great resource for parents living in suburbs to take their kids to. Since the park is close to home, and monitored. But for someone a little more advanced, I find the park lacking.	Apr 12, 2012 6:33 PM
154	Excellent park, well maintained. Three parks isnt adequate for the size of our population. They have a positive influence by giving youth an opportunity to be active outdoors and socializing in a positive way.I have skated at all of the parks and I have a positive experience	Apr 12, 2012 6:29 PM
155	Pretty good	Apr 12, 2012 5:34 PM
156	They have a good effect as the people aren't using private property for their tricks and stuff.	Apr 12, 2012 4:23 PM
157	Besides Westside, the other two skateparks in calgary are very poorly built, forcing skaters to travel to Cochrane and airdrie when they (we) wan't to skate a decent park.	Apr 12, 2012 4:07 PM

2 n's as per the naming of it back in 1999, but those are small details) Westside only has specific hours that are difficult to work with my schedule and McKenzie Towne is great for a small number of kids and youth, but can't really take on more than 15 -20 participants at one time.

162	I think that they are fantastic	Apr 12, 2012 3:50 PM
163	millenium is never maintained. westside is supervised like babysitters.	Apr 12, 2012 3:49 PM

165	They are great	Apr 12, 2012 3:46 PM
166	I have no idea. Don't skateboard.	Apr 12, 2012 3:44 PM
167	i dont know	Apr 12, 2012 3:42 PM
168	I have no clue, sorry.	Apr 12, 2012 3:42 PM
169	no	Apr 12, 2012 3:37 PM
170	not crazy about Milenium becuae of its location. Westside and Mckenzie are to far from homne for my son to get there on his own.	Apr 12, 2012 3:27 PM
171	I feel that Millenium attracts a bit of a rougher crowd than Westside, and alot of the time people at Mckenzie towne skatepark don't even go there to skate, they go there to cause trouble and do drugs, which also makes me feel unsafe. Westside is pretty good. The actual skatepark is not my favorite because of the 'mobile' feel to the ramps rather than concrete. Out of all our skateparks, I feel that Mckenzie towne skatepark is the worst in regards to obstacles and the crowd, then Millenium, then Westside. I do enjoy skating Millenium more than the other two parks though because of the obstacles.	Apr 12, 2012 3:27 PM
172	they all suck	Apr 12, 2012 3:27 PM
173	I skateboard at millenium everyday its not snowing or raining. Its my second home. I believe that skateparks are sacred to everyone today. Please build more.	Apr 12, 2012 3:26 PM
174	Mackenzie towne is okay but the ground there is rocky and un smooth and the park equipment is rusty. Millenium is good but not well placed like a street line section.	Apr 12, 2012 3:26 PM
175	millenuim is okay same with westside and mckenzie towne sucks	Apr 12, 2012 3:26 PM
176	I live in Mckenzie town and did not know there was one there so that speaks volumes (though I am not a kid) it is obviously somewhere that it is not obviously visible? I know there are concerns about lots of drugs and safety concerns at Millenium, not sure why	Apr 12, 2012 3:25 PM
177	Millenium is a poor skate park there are too many drugs and drinking going on at the park and i think its not a good influence	Apr 12, 2012 3:24 PM

Q12. Tell us what you think about existing skate parks like Millenium Park, Westside Rec Centre and Mckenzie Towne (ex. are they used and maintained well? Do they have a positive influence on their community? If you skate at one of these parks, let us know about your experiences there!):

178	Millenium park is extremely lacking in maintenance (save for grafitti removal), and features extremely dangerous design elements. The full-pipe feature, while iconic, is almost never utilized and poses an enormous safety risk. Westside Rec Centre, while diminutive in area, is incredibly fun, to put it simply. The mini-ramp feature is easily the best in Calgary, I would love to see more like it. McKenzie Towne is far too isolated, as well as outdated.	Apr 12, 2012 3:24 PM
179	When people think of skateparks they associate it with crime, even though that is not the case.	Apr 12, 2012 3:17 PM
180	Millenium is not very well designed or maintained, but is a great central resource for skaters - although it may be intimidating for begginers or young skaters. Millenium is also great because it is free, whereas you have to pay for use at Westside and Mckenzie Towne. Skateparks absolutely provide a positive influence for the community as the provide a safe, legal place for skateboarding to occur and they also provide a place for skateboarders of all ages to come together, socialize, and share their passion for this activity.	Apr 12, 2012 3:08 PM
181	Well used and highly enjoyed by kids	Apr 12, 2012 2:54 PM
182	I am unfamiliar with these facilities. However, I do know the City at one point ran some mobile skate parks, and they were very well attended.	Apr 12, 2012 2:48 PM
183	I live close to Millenium Park and I think it's a positive part of the community.	Apr 12, 2012 2:47 PM
184	I've only been to the Millenium Park one but from what I've seen it's pretty decent.	Apr 11, 2012 9:13 PM
185	They aren't maintained that well. Even though the facility is nice, they are really dirty and mostly are used for selling weed	Apr 11, 2012 9:08 PM
186	Existing skateparks like Millenium is good, they have a great variety of obstacles, and different set of ramps for skill. The only problem that it is too far away to access.	Apr 11, 2012 7:46 PM
