

RE: Beltline Business Improvement Area Proposed Change in Boundaries

Dear Business Owner:

This letter is to inform you that The City of Calgary has received a request from the Beltline Business Improvement Area (BIA) to change its boundaries. Attached is a map that identifies the current and proposed expanded boundaries. Your business is located within the current Beltline BIA boundaries, and this does not impact your BIA taxes for 2025. Please see the back of this letter for more information on how the BIA tax is calculated.

BIAs are established through a community-led process where businesses within a specific geographic area (the boundaries) pay an additional tax. The tax is collected to promote the BIA as a business or shopping area, and improve, beautify, and maintain property and public parking in the BIA.

The annual BIA tax is collected from all businesses within the BIA boundaries by The City of Calgary and is transferred in full back to the BIA. The BIA operates as a non-profit organization and works with its business members to set priorities that are reflected in an annual budget approved by City Council.

Requests from a BIA to change its boundaries must be approved by City Council. As outlined in the provincial *Business Improvement Area Regulation* section 8, before City Council decides on the request to change a BIA's boundaries, business owners within the BIA's current and proposed boundaries must be given the opportunity to make representations to City Council. **The opportunity to do this is scheduled for:**

Date and time: September 9, 2025 beginning at 9:30 a.m.

Location: Council Chamber, Calgary Municipal Building, 800 Macleod Tr. S.E.

How is a Business Improvement Area bill calculated?

The City of Calgary assesses business premises each year for Business Improvement Area (BIA) taxation purposes. Your business assessment reflects **the typical net annual rental value of your premises** based on the July 1 valuation date and provides the basis for your next year's BIA tax bill.

BIA tax rate calculation:

$$\text{BIA tax rate} = \text{BIA's annual approved budget} \div \text{Total business assessment within the BIA}$$

BIA tax bill calculation:

$$\text{BIA tax bill} = \text{Assessed value of your business premises} \times \text{BIA tax rate}$$

*BIA tax is based on the calendar year January 1 to December 31.
