RE: Inglewood Business Improvement Area - Change in Boundaries Request Withdrawal

Dear Business Owner:

This letter is to inform you that the Inglewood Business Improvement Area (BIA) has **withdrawn the request to change its boundaries at this time and this item will no longer be presented at the September 9th Public Hearing Council meeting**. As such, there is no opportunity to speak or make representations at Council on this request on September 9th 2025.

The City of Calgary sent correspondence to you dated July 28th 2025 to notify you of the Inglewood BIA's request to change (expand) its boundaries as required under the Business Improvement Area Regulation (Alberta). After careful consideration and consultation, the Inglewood BIA has decided to withdraw its request at this time and to continue to engage with businesses about this proposal. The current Inglewood BIA boundaries remain unchanged.

For more information or questions regarding this decision, please contact the Inglewood BIA Executive Director or the BIA Strategist listed below:

Inglewood BIA
