# Application Process

Applying to the Cadet Program requires you to follow a few simple steps. These steps will be broken down into greater detail within the [Application Instructions](#) section.

Like many application intakes, the Cadet program has a specific timeframe in which it accepts new applications. To keep the program on schedule and make it easier for you to apply, the program will take applications from January 6<sup>th</sup>, 2025 through to March 28<sup>th</sup>, 2025. The current application method is to submit a paper application which you can drop off in person at the Fire Training Academy, or through the mail. The Fire Training Academy's address is 5727 – 23 Ave SE, Calgary, AB, T2B 3E2.

Once your application has been received by the Fire Cadet Office, it will get processed and scored.

After the application closing date has passed, candidates will be contacted for a group/individual assessment. We do group assessments to see who works well in a team, who can follow instructions and who has initiative and encouragement. Information will be sent by email, and you will be required to RSVP for a spot.

If you've been successful beyond this point, you'll be asked to take part in an interview. This is a behavioral descriptive interview which you can learn more about in [The Interview](#) section.

If you've done some research on the program, you'll hopefully know by now that only 20 applicants are taken into each class every year. If you are selected for the new class, you will then be requested for a class orientation, which will be considered your 1st day of Fire Cadets.

## What to Expect / Timelines

As outlined in the previous section, this application process may take several months to be completed. It's not uncommon for applicants to wonder what is happening with their application, nor is it uncommon to not receive regular communications from the Fire Cadet Office. Don't worry! This is normal. Depending on the number of applicants, it may take some time to review each application. The following chart will help you to understand the application process and what the relative timeframes will be for each step of the way.

Application Stage	When This Takes Place	Location	Length
Application submission	From January to the end of March Current submission deadline is March 28 <sup>th</sup> , 2025.	Applications are submitted to: The Fire Cadet Office 5727- 23 Ave SE Calgary, AB T2B 3E2	Approximately 2 months
Application review Period	Applications are reviewed upon receipt.	Fire Cadet Office- completed by program staff, CBE, and CSSD representatives	May take up to a month
Group Assessment	Expect this to take place in April after the deadline date.	Calgary Fire Training Academy	1 evening or half day on the weekend.
Interviews	Interviews will be scheduled in early to mid-May	Calgary Fire Training Academy	Up to 2 weeks to complete
Orientation	September	Calgary Fire Training Academy	1 evening (Wednesday)

# The Interview

Welcome to the interview! If you've been asked to join us for an interview, you're going to have some preparation work to do.

As mentioned in the previous section, the interview is a behavioral descriptive interview. If you've never heard of such an interview, we recommend you research it. Essentially, the principals of a behavioral descriptive interview are to help recruiters determine future behaviors based on someone's past behaviors. The questions asked in the interview are designed specifically for this purpose. A very popular method of conducting this style of interview is to use something called the STAR format. What is the STAR? Well, it's a simple acronym to help you remember HOW to answer the questions!

The STAR stands for:

**Situation** - What was the situation you were in? Provide a brief description to help interviewers understand what you were doing and what was happening around you.

**Task** - Within that situation, you had a specific task, assignment, or job to do. What needed to be done?

**Action** - What did you do about it to address the situation, complete the task or assignment, or complete the job.? The Action is YOUR actions YOU took in the situation.

**Result** - What happened and how did it turn out? What was the direct result of YOUR actions? Good or bad, it doesn't matter, as long you know why it ended up the way it did. When things don't work out, it's great to be able to say why and how you can do things differently should it ever happen again.

So right now, you're probably sweating as you think to yourself, how on earth am I ever going to answer questions like that? Practice! Practice answering some questions in this format, eventually it becomes natural!

We also recognize that you're a teenager, you're just starting to fill up your book of life experiences, so don't worry too much. We will ask some STAR format question, but we promise to keep them to a minimum. Examples of questions we may ask could revolve around teamwork, leadership, managing conflict, etc.

Finally, why do we ask you to sit through this kind of interview? It helps us determine if you'll contribute to or benefit from the program. More importantly, you're gaining an experience that most people don't get until they're sitting outside the office door of the boss they hope to have, working that dream job they've always wanted. It can be a difficult interview if you've never done it before. We hope you gain an experience and learn a little bit along the way.

# Application Instructions

**Read this section carefully.** It is important to make sure you have completed your application and submitted it as outlined within these instructions.

**Step 1:** Obtain the Fire Cadet Program application package. This can be done either from the City of Calgary website at [www.calgary.ca/firecadets](http://www.calgary.ca/firecadets), or from your school guidance counselor or career practitioner. Once you have obtained this package, read through it completely to make sure you gather everything you will need.

**Step 2:** Take the two Adult reference forms from this package and choose two adults you know to complete the reference. You should try to pick adults that know you well and can provide a good, honest reference. As an example, you can pick a teacher, a coach, a family friend, or supervisor; however, **your references cannot be related to you.**

This is a confidential reference. This means your reference will need to complete the form, **seal it in an envelope and sign it across the seal.** Your reference should return the sealed envelope to you once it's complete. You can then submit the references with your application package.

**Step 3:** Complete the application questions as specified in the following section **Application Questions**. You will need to submit these responses with your application package.

**Step 4:** Prepare a resume. Using the **Sample Resume** that is provided with this package, you can prepare a resume by following this template. Be sure to include the important facts that help us to get to know you. We want to know what sort of activities you're involved in, hobbies, skills, and experiences you've had.

When you're preparing your resume, be honest. You may be asked to provide supporting documentation, so try not to exaggerate. If possible, you can include the amount of time (hours, semesters, years) that you've been involved in your listed activities or jobs.

**Step 5:** Complete the application form. Using the **Application Form** found within this package, complete the personal information section and checklist. Your application form should include the cover page and personal information section. You will need to submit this as part of your application package.

**Step 6:** Supporting or additional documentation: this is optional. You are welcome to include any extra material with your application that you feel supports your resume, your questions, or just helps to provide a better overall picture of who you are. Some examples of this would be; character references, photocopies of certificates, pictures, etc. Feel free to be creative and use this opportunity to bring a positive appearance to your application. **Please do not send any originals of certificates or pictures. We cannot guarantee a safe return.**

**Step 7:** You're almost there! This is all about review! Look over your entire application and make sure you have everything you need. Once you're confident you've done this, you can submit your application to:

**Fire Cadet Office  
5727-23 Ave SE, Calgary AB  
T2B 3E2**

## Application Questions

The following questions should be completed and included with your application. Please make sure you have followed the directions as well as completely and thoroughly checked over your document for spelling and grammatical errors. Your responses will be marked by the Fire Cadet staff and the representing CBE and CSSD work experience teachers using a marking rubric. You can see a sample of this marking rubric in the next section Sample marking rubric for application questions. Be sure to provide honest, thoughtful, well-developed paragraphs.

### Question Criteria:

Your answers should be submitted on a **separate sheet of paper in an essay style**. **TYPE** your responses using the font “**Times New Roman**” and a **font size 12**. Responses should be in paragraph format. **DO NOT** use point form responses. Include examples or reasons within your response that support your answers to each question.

### The questions:

1. **Why do you want to become a Fire Cadet?**
2. **What do you hope to gain from participating in the fire Cadet Program?**
3. **What skills and abilities will you bring to the program that will benefit your Fire Cadet Teammates?**
4. **How will you and other people in your life benefit from what you learn in this program? (Consider family, friends, community etc.)**

## FAQ

### **How do I submit my application?**

You can submit your application either in person by dropping it off, or by sending it through the mail/courier. You should send it/drop it at the Fire Cadet Office which is located at:

**5727 - 23 Ave SE  
Calgary AB, T2B 3E2**

### **When's the application deadline?**

Your application must be received **no later than 4pm on the closing date.**

### **How do I know if my application has been received?**

Once your application has been delivered to the Fire Cadet Office, it will get processed. Once the application has been processed, you will get an email response to inform you that your application has been received. This may take some time, so if you don't receive an email the moment after you've dropped it off, don't worry.

### **I dropped off my application at 3:59pm on the deadline date. How can I find out if I submitted my application in time?**

If you've handed your application over to either a Fire Cadet staff member, Training Officer, or it was received by one of our administration assistants, you can feel assured that you made it in time. Again, you may not receive an email immediately.

### **I submitted my application, received an email identifying that it has been processed, but I haven't received any other communications for a while? Am I still in the process?**

The application intake runs for a couple of months. If you had yours turned in early, it may take several months before you receive another communication. This is normal, don't panic! You will be notified no matter what if you are successful or unsuccessful. Please be patient, as this process can take some time.
