Closure Requirements

Applications for closure should be made as early as possible. At minimum, applications for **long term closures** (greater than 1 month) should be submitted to the city **2 months** in advance of the proposed closure start date. **All other applications** should notify the city at **minimum 2 weeks** in advance of the proposed closure start date. Any changes to details in this application will require the applicant to submit a new application for review. Submit applications to plus15@calgary.ca ⁽⁴⁾.

Application for Plus 15 closures shall include the completed form, as well as the following:

- All associated closure signage and detour maps
- Map detailing the location of detour signage (Minimum at the entrances to all bridges) and the extent of the closure
- Details on concerns raised by adjacent buildings (If applicable)

For additional details on Plus 15 closure requests, refer to the "Plus 15 Closure Guide".

(For City use)

In addition to the required items noted above, this closure is required to adhere to the following requirements:

Applicant Declaration

I understand that approval of this application is dependent on the closure following the details outlined in this application. This form does not constitute a development permit, or any other permit required to be issued by The City. I hereby affirm that all information and content provided by me is accurate, complete and truthful to the best of my knowledge.

Personal information collected in this application form is confidential and collected for the purpose of administering the approval of closure and maintain communications between all affected parties. Details provided in this form will be used to update the Plus 15 website with the closure dates. The Plus 15 website will be updated with closure dates approximately 1 month before the closure commences.

- (1) Provide details on reason for closure, as well as a description on why the affected bridge(s)/easement area(s) cannot remain open. Detail methods to keep the affected areas open that have been considered and their feasibility.
- (2) Provide details on how the bridge will be maintained during the closure.
- (3) Affected buildings are buildings directly impacted by the closure. This will typically be buildings adjacent to the property/Plus 15 being closed, which are connected to the Plus 15 network. Identify buildings on provided map.
- (4) Application review times will be approximately 5 business days pending volume of submissions.
